**SENSIBLE WAY TO CURE CATARRH.**

**Hyomei Medicates Air You Breathe and Kills All Catarrhal Germs—Costs Nothing Unless It Cures.**

Do not take medicines into the stomach to kill catarrhal germs in the head and throat. Air alone can reach these germs. Medicated with Hyomei and breathed through the neat inhaler that comes with every outfit, the air goes to the most remote air cells of the head, throat and lungs, and completely destroys the disease germs. Hyomei is the only sensible, yet scientific way to cure catarrh. Other remedies may fail; Hyomei will cure.

It helps at once, and you get the vitalizing and invigorating effects from the first few breaths of Hyomei. If it should happen that Hyomei did not give you the same good effects that it has in many other cases right here at home, Rickert & Wells will refund your money without question or argument. You will be the sole judge as to whether Hyomei costs you a penny or not.

The complete outfit, consisting of a medicine dropper, an inhaler that can be carried in the purse or vest pocket, and a bottle of Hyomei sells for only one dollar. The inhaler will last a lifetime and extra bottles of Hyomei can be obtained, if needed, for fifty cents.

When you get a Hyomei outfit Rickert & Wells will give you a signed receipt, agreeing to refund the money in case it does not cure catarrh and other diseases of the respiratory organs. This is the strongest evidence that they can offer as to their faith in Hyomei—to pay for it themselves in case it does not cure.
